G.O.No. 3748-53 dated 4th February 1922 issuing revised rules in the matter of suspension and remission of wet assessment on tank-irrigated lands.

Para 11 of letter No. C. 147 dated 4th November 1923 from the Revenue Commissioner in Mysore submitting certain proposals for the remission and suspension of land revenue during the year 1923-24 in tracts affected by drought.

Order No. 256-60/Dis

Dated, B a n g a l o r e the 16th Jany 1924.

Government passed certain general orders in the Government order read above on the subject of granting suspension and remission of wet assessment on lands under tanks. The Revenue Commissioner has now submitted certain proposals which go very much beyond the scope of those orders and he recommends a general relaxation of the rule in the case of tracts affected seriously by adverse seasonal conditions in the districts of Kolar and Tumkur as a special case.

In Government order No. R. 2583-93/R.M. 11-23-104 dated 7th December 1923, the time prescribed for submitting applications for such relief has been extended up to the end of December 1923 and Government are now pleased as a very special case to relax the general rules under which suspensions and remission can be granted in the taluks specified in the margin, of the two districts of Kolar and Tumkur which have suffered seriously on account of insufficient rainfall for more than two successive years and to order as follows:--

Goribidnur
Gudibanda
Maddagiri
Kortagere

Assessment on lands classed as wet.--In the case of lands as wet and irrigable under tanks on which the crips have totally failed or the out-turn is not more than two annas in the total of a ormal crop of 16 annas, one-half of the assessment instead of being suspended for one year, shall be remitted.

Individual applications neet not be insisted upon and tracts affected adversely may be dealt with together-the rules of inopection before granting remission already prescribed being followed in respects of each survey number.

Government are not prepared to accept the recommendations of the Revenue Commissioner to suspend half the assessment in the case of failure of crops an dry lands as they see no justification now for departing from the established principles upon which the dry lands have been and are to be assessed at each revenue settlement.

For Secretary to Govt,
Revenue Department.

G.O.No. R. 3748-58/L.R 502-17-10 dated 4th February 1932 issuing revised rules regarding remission and suspension of wet assessment on tank irrigated lands.

G.O.No. 256-60/D 25-33-2 dated 16th January 1934 sanctioning the remission of half the assessment in the case of lands classed as wet and irrigable under tanks in Goribidnur taluk and Gudibanda Sub Taluk in the Kolar district and Maddagiri Taluk and Kortagere Sub Taluk in the Tumkur district.

Correspondence ending with letter No. D 28 of 1933-34 dated 14th May 1934 from the Revenue Commissioner in Mysore, recommending sanction to the proposal of the Deputy Commissioners Kolar District to suspend half the wet assessment in all the taluks of his district - except Goribidnur and Gudibanda and Sidlaghatta Mulbagal and Kasba Vandi and Purnasagara hoblies of Chickballapur taluk.

Letter No. D 28 of 1933-34 dated 29th May 1934 from the Revenue Commissioner in Mysore stating that the conditions in the Tumkur District are as bad as in the Kolar District and recommending that half the wet assessment may also be suspended in the case of lands in the highly affected parts of Pavgada Sira Gubbi and Tumkur taluks and a portion of Kunigal taluk on which the crops have totally failed or the out-turn is not more than two annas.

Order No. 1159-62/Dis

Dated, Bangalore the 6th June 1 9 3 4.

The Government order of 1933 authorises the Revenue Commissioner to sanction suspensions of half the wet assessment in respect of lands under a tank on which owing to a general failure or rains no crop is grown or the yield is not more than four annas. The relief required for the cases now brought to the notice of Government can be given by the Revenue Commissioner under this order. The Revenue Commissioner reports that the ryots have not applied for the concession within the prescribed time and that the inspections of the affected areas have not been conducted strictly according to standing order. Having regard to the general failure of rains in the -- districts of Kolar and Tumkur Government are pleased to authorise the Revenue Commissioner to sanction suspensions of half the wet assessment in areas where there has been a total failure of crops or the out-turn has been less than 4 annas if he is satisfied that the inspections on which recommendations for suspension are based are satisfactory although not strictly in conformity with the order of 1933.

This order should be applied only to cases in which the assessment has not yet been paid.

Secretary to Government,
Revenue Department.
